4. GPS Well Location: Zone 12 Zone 13 Easting: _____ Northing: _____ County: _____			
5. Legal Well Location: _____ 1/4, _____ 1/4, Sec. _____, Twp. <input type="checkbox"/> N or S <input type="checkbox"/> _____, Range _____ <input type="checkbox"/> E or W <input type="checkbox"/> Distances from Section Lines: _____ ft. from <input type="checkbox"/> N or <input type="checkbox"/> S section line and _____ ft. from <input type="checkbox"/> E or <input type="checkbox"/> W section line. Subdivision: _____ Lot _____ Block _____ Filing / Unit _____			
6. Well Information: Ground Surface Elevation _____ feet Type of Existing Well _____ Who Constructed Well _____ Approximate Date Completed _____ Who Installed Pump _____ Approximate Date Pump Installed _____ Total Depth _____ feet Estimated flow rate _____ gpm Other wells located on this parcel _____ Distance to nearest septic tank / sewer line _____ feet Distance to nearest leach field _____ feet			
7. <u>For the section below, if stating no for any reason please explain.</u> _____ Is the well in a clean and sanitary location? _____ Is the well maintained in a clean and sanitary condition? _____ Is the ground at the surface sloped away from the well for proper drainage? _____ Is the surface surrounding the well firm and stable? _____ Is the well situated in a well house or vault? _____ If so, is the well house or vault in good repair and condition? _____ Is the well equipped with a sanitary well seal/cap? _____ Is the well constructed with steel casing at the surface? _____ Does the casing extend at least one (1) foot above the surface?			

8. Any Concerns about this well? Recommendations? Specific repairs required? (please number your comments) Please Include Photos

9. Photos available? Y or N If emailing, attach photos; if submitting hardcopy, include printed photos.

10. Disclaimer: *By undertaking this well inspection, and completing this report, the undersigned licensed contractor or authorized individual does not certify, and this form should not be interpreted to certify, that this well was properly constructed or that water from this well is safe to use. This report concerns the condition of the well regarding only those aspects of the well that can be discerned by a non-invasive inspection, including the location of the well, the condition of the surface completion and surrounding area, and any other observations that can be noted on this form regarding the construction of the well and its condition. Given that no post-construction inspection of the well can affirmatively determine the subsurface condition of the well, the undersigned individual cannot certify that this well is constructed to meet the standards of the Rules and Regulations for Water Well Construction, Pump Installation, Cistern Installation, and Monitoring and Observation Hole/Well Construction (Construction Rules, 2 CCR 402-2), and no liability should be assigned to the contractor inspecting this well regarding the well's construction or the safety of water produced from it.*

11. Name: _____ Email: _____
 Licensed Contractor or Authorized Individual Only

Signature: _____ Date of Inspection: _____ License No: _____; *OR* P.G., P.E.

INSTRUCTIONS FOR POST-CONSTRUCTION WELL INSPECTION REPORT

This report must be computer generated online, typed or printed in **BLACK OR BLUE INK** and may be reproduced by photocopy or computer generation. Photocopy reproductions must retain margins and print quality. Attach additional sheets if more space is required. Each additional sheet must be identified at the top by the well owner's name, the permit number, form name/number and a sequential page number. Report depths in feet below ground surface.

If filing online please see online form submittal instructions at

<http://water.state.co.us/groundwater/wellpermit/onlineformsubmittal/Pages/DWRSite1.aspx>

You may also save, print and email the completed form to: dwrpermitsonline@state.co.us

Item Instructions: (numbers correspond with those on the front of this form)

Complete as much information as known

1. Complete the well permit and receipt number.
2. Provide the identification (owner's well designation) for the well.
3. Provide the street address where the well is located.
4. Provide the GPS location and County where the well was drilled (required field).

Colorado contains two (2) UTM zones. Zone 13 covers most of Colorado. The boundary between Zone 12 and Zone 13 is the 108th Meridian (longitude). West of the 108th Meridian is UTM Zone 12 and east of the 108th Meridian is UTM Zone 13. The 108th Meridian is approximately 57 miles east of the Colorado-Utah state line. On most GPS units, the UTM zone is given as part of the Easting measurement, e.g. 12T0123456. Check the appropriate box for the zone.

5. Complete the legal description location of the well. For wells located in subdivisions, the name, lot, block, and filing, must be provided.
6. Complete Well Information to the best of your ability.
7. Indicate with Yes or No the status of common well construction standards.
8. List any additional concerns you have about the well's construction, recommendations for construction or specific repairs required. Numbering comments helps in the clear explanation and understanding of issues.
9. Check the box indicating whether photos of the well are available. Photos can be submitted as hard copy or via email to dwrpermitsonline@state.co.us.
10. Please note the Disclaimer.
11. **A Post-Construction Well Inspection Report must be signed by a Licensed Well Construction Contractor or Authorized Individual** (per Rule 17.1.7 of the Water Well Construction Rules and Regulations, 2 CCR 402-2).

Fill in Name, Email, and Address and License Number (or PE/PG) of the Individual who is responsible for the inspection. The licensed contractor or authorized individual responsible for the inspection of the well must sign or if filing online, enter his/her name on the report. If filing online the State Engineer considers the entering of the licensed contractors name on the form to be a certification of accuracy and truthfulness in compliance with Rule 17.4 of the Water Well Construction Rules and Regulations, 2 CCR 402-2.

Rule 17.4 Certification - Work reports must be signed and certified as to accuracy and truthfulness of the information on the report by the well construction or pump installation contractors or authorized individuals responsible for the work performed by them or under their direction or supervision, or by the private driller or private pump installer if the work was performed by them. Such reports are deemed to be completed, signed and certified under oath.

Submit completed report to: State of Colorado, Office of the State Engineer, 1313 Sherman St, Room 821, Denver, CO 80203. You may also save, print, scan and email the completed form to dwrpermitsonline@state.co.us

IF YOU HAVE ANY QUESTIONS regarding any item on this form, please call the Division of Water Resources Ground Water Information Desk (303-866-3587), or the nearest Division of Water Resources Field Office located in Greeley (970-352-8712), Pueblo (719-542-3368), Alamosa (719-589-6683), Montrose (970-249-6622), Glenwood Springs (970-945-5665), Steamboat Springs (970-879-0272), or Durango (970-247-1845), or refer to our web site at www.water.state.co.us for general information, forms, online filing instructions and access to state rules and statutes.
