

General Permit Notification Form

COMPACT RULES GOVERNING IMPROVEMENTS TO SURFACE WATER IRRIGATION SYSTEMS IN THE ARKANSAS RIVER BASIN IN COLORADO (RULES)

This form shall be used to provide the notice described in the above [Rules](#) in Rule 11 prior to making an improvement to a surface water irrigation system (see Rule 5 definition 6). Select the [General Permit](#) that applies to your subject water right from the list of approved permits in Section A. Select the type of improvement from the list of improvements in Section B. Complete the water right information in Section C. Complete the owner/responsible party information in Section D. Select the Print Form Button to print a hard copy of the completed form, sign the form in the area indicated and mail to the Division Engineer's Office; e-mail a scanned electronic copy of the signed form to SW.Improvement.Notices@state.co.us; or insert an electronic signature into this form and select the Submit By Email Button after completing Sections A-D of this form. Save an electronic copy of the form using the File - Save As function. Select the Reset Form button to clear the information from the form.

Section A - General Permit Selection

Approved General Permits:
(Select the Permit that Applies
to your water right from the list)

Section B - Select Improvement(s)
