RE: EOG Resources, Inc. Amended Petition for Determination of Nontributary Ground Water in the North Park Structural Basin – Jackson County – Niobrara Formation

Dear Mr. Wolfe:

EOG Resources, Inc. (“EOG”) submits its Amended Petition for a Determination of Nontributary Ground Water in the North Park Structural Basin in Jackson County for the six current and any future oil and gas wells to be constructed in the Niobrara Formation. EOG filed its original Petition with the State Engineer’s Office on April 13, 2010, which included a Determination for the North Park Structural Basin in both Jackson and Grand Counties.

After careful review and consideration of the comments filed by the Colorado River District, the Middle Park Water Conservancy District, the Grand County Board of Commissioners, and the Northwest Colorado Council of Governments, EOG has amended its Petition and Notice to include the Niobrara Formation in the North Park Structural Basin in Jackson County only. The Niobrara Formation for Grand County has been eliminated from EOG’s Petition. In addition, EOG has slightly decreased the area in Jackson County for which it seeks a Determination of Nontributary Ground Water.

EOG incorporates by reference the Technical Report, “Location of Tributary/Nontributary Line Niobrara Formation Oil Wells, North Park Basin, Colorado,

Energy in the Law[®]

Operating in Wyoming as Beatty, Wozniak & Reese

Produced Nontributary Ground Water,” prepared by Leonard Rice Engineers, Inc., dated March 8, 2010 (“Report”), which was submitted with EOG’s April 13, 2010 Petition. Pursuant to Rule 17.6.E.4, 2 CCR 402-17, two copies of Revised Plate 1 and a digital CD of Revised Plate 1 are enclosed along with one electronic copy.

Pursuant to Rule 17.5.A, EOG incorporates by reference the information concerning Niobrara ground water dewatering, the six wells operated in the proposed geographically delineated area, and the engineering modeling discussed in detail in its April 13, 2010 Petition.

Contemporaneously filed with this Amended Petition is the Amended Notice of Rule 17.5 Petition, as required pursuant to Rule 17.5.B.1.

Very truly yours,

BEATTY & WOZNIAK, P.C.

Kenneth A. Wonstolen
